Subject: History of Gold King Mine

Hi Tina,

Thanks for your patience on the GKM incident. As you can imagine we are very focused on getting the community's water situation back to normal, so we haven't had time to put together a history of the mine itself.

The CO school of mines may be able to help you with this faster than we can. If not, loop back to me early next week – we may have done a backgrounder on the mine by then.

Best,

Christie
